This is a translation into English of the statutory auditors' report on the financial statements of the Company issued in French and it is provided solely for the convenience of English-speaking users.

This statutory auditors' report includes information required by European regulation and French law, such as information about the appointment of the statutory auditors or verification of the management report and other documents provided to the shareholders.

This report should be read in conjunction with, and construed in accordance with, French law and professional auditing standards applicable in France.

Statutory auditors' report on the financial statements

Year ended December 31, 2018

To the annual general meeting of Total Capital International,

Opinion

In compliance with the engagement entrusted to us by your annual general meetings we have audited the accompanying financial statements of Total Capital International for the year ended December 31, 2018.

In our opinion, the financial statements give a true and fair view of the assets and liabilities and of the financial position of the Company as at December 31, 2018 and of the results of its operations for the year then ended in accordance with French accounting principles.

The audit opinion expressed above is consistent with our report to the Board of Directors acting as Audit Committee.

Basis for Opinion

Audit Framework

We conducted our audit in accordance with professional standards applicable in France. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Our responsibilities under those standards are further described in the *Statutory Auditors' Responsibilities for the Audit of the Financial Statements* section of our report.

Independence

We conducted our audit engagement in compliance with independence rules applicable to us, for the period from January 1, 2018 to the date of our report and specifically we did not provide any prohibited non-audit services referred to in Article 5(1) of Regulation (EU) No. 537/2014 or in the French Code of Ethics (*Code de déontologie*) for statutory auditors.

Justification of Assessments - Key Audit Matters

In accordance with the requirements of Articles L.823-9 and R.823-7 of the French Commercial Code (*Code de commerce*) relating to the justification of our assessments, we are required to inform you of the key audit matters relating to risks of material misstatement that, in our professional judgment, were of most significance in our audit of the financial statements of the current period, as well as how we addressed those risks.

We have no key audit matters to communicate in our report.

Verification of the Management Report, of the Other Documents on the Financial Position and the Financial Statements and of the Information Contained in the Report on Corporate Governance Provided to the Shareholders

We have also performed, in accordance with professional standards applicable in France, the specific verifications required by French law.

Information in the management report and other documents on the financial position and the financial statements sent to the shareholders

We have no matters to report as to the fair presentation and the consistency with the financial statements of the information given in the Board of Directors' management report and in the other documents with respect to the financial position and the financial statements provided to the Shareholders.

We attest the fair presentation and the consistency with the financial statements of the information relating to payment terms, required under Article D.441-4 of the French Commercial Code (*Code de commerce*).

Corporate Governance information

We have verified that the requirements of Articles L. 225-37-3 and L. 225-37-4 of the French Commercial Code (*Code de commerce*) have been properly disclosed in the Corporate Governance section of the Board of Directors' management report.

In accordance with French law, we inform you that, contrary to the requirements of Article L. 225-37-3 of the French Commercial Code (*Code de commerce*), your Company has not included in

the Corporate Governance section of the Board of Directors' management report the information relating to remunerations and benefits received by the directors and any other commitments made in their favor. Consequently, we cannot attest the accuracy and fair presentation of this information.

Report on Other Legal and Regulatory Requirements

Appointment of the Statutory Auditors

We were appointed as statutory auditors of Total Capital International by the annual general meeting held on May 5, 2011 for KPMG S.A and on March 29, 2006 for ERNST & YOUNG Audit.

As at 31 December, 2018, KPMG S.A was in the 8th year of total uninterrupted engagement and ERNST & YOUNG Audit was in the 13th year.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with French accounting and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless it is expected to liquidate the Company or to cease operations.

The Board of Directors acting as Audit Committee is responsible for monitoring the financial reporting process and the effectiveness of internal control and risks management systems and where applicable, its internal audit, regarding the accounting and financial reporting procedures.

The financial statements were approved by the Board of Directors.

Statutory Auditors' Responsibilities for the Audit of the Financial Statements

Objectives and audit approach

Our role is to issue a report on the financial statements. Our objective is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with professional standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As specified in Article L.823-10-1 of the French Commercial Code (*Code de commerce*), our statutory audit does not include assurance on the viability of the Company or the quality of management of the affairs of the Company.

As part of an audit conducted in accordance with professional standards applicable in France, the statutory auditor exercises professional judgment throughout the audit and furthermore:

- Identifies and assesses the risks of material misstatement of the financial statements, whether due to fraud or error, designs and performs audit procedures responsive to those risks, and obtains audit evidence considered to be sufficient and appropriate to provide a basis for his opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtains an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control.
- Evaluates the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management in the financial statements.
- Assesses the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. This assessment is based on the audit evidence obtained up to the date of his audit report. However, future events or conditions may cause the Company to cease to continue as a going concern. If the statutory auditor concludes that a material uncertainty exists, there is a requirement to draw attention in the audit report to the related disclosures in the financial statements or, if such disclosures are not provided or inadequate, to modify the opinion expressed therein.
- Evaluates the overall presentation of the financial statements and assesses whether these statements represent the underlying transactions and events in a manner that achieves fair presentation.

Report to the Board of Directors acting as Audit Committee.

We submit a report to the Board of Directors acting as Audit Committee which includes in particular a description of the scope of the audit and the audit program implemented, as well as the results of our audit. We also report, if any, significant deficiencies in internal control regarding the accounting and financial reporting procedures that we have identified.

Our report to the Board of Directors acting as Audit Committee includes the risks of material misstatement that, in our professional judgment, were of most significance in the audit of the financial statements of the current period and which are therefore the key audit matters. We describe these matters in this audit report.

We also provide the Board of Directors acting as Audit Committee with the declaration provided for in Article 6 of Regulation (EU) No. 537-2014, confirming our independence within the meaning of the rules applicable in France such as they are set in particular by Articles L.822-10 to L.822-14 of the French Commercial Code (*Code de commerce*) and in the French Code of Ethics (*Code de déontologie*) for statutory auditors. Where appropriate, we discuss with the Board of Directors acting as Audit Committee the risks that may reasonably be thought to bear on our independence, and the related safeguards.

SIGNIFICANT EVENTS

During the fourth quarter of 2018, Total Capital International continued its activity on debt capital markets through various debt issuance programs, together with a management of interest rate risk.

For long-term borrowings, Total Capital International can issue along with TOTAL S.A., TOTAL Capital and Total Capital Canada, as principal issuer under the EMTN program (guaranteed by TOTAL S.A.), under a US SEC Registered Shelf program (guaranteed by TOTAL S.A.) and under an AMTN program in Australia (guaranteed by TOTAL S.A.). Total Capital International can also issue on a stand-alone basis (guaranteed by TOTAL S.A.).

During the second half of 2018, Total Capital International issued 325 M GBP under the Group's EMTN program (guaranteed by TOTAL S.A.) equivalent to 430 M USD (after-swap), on July 5, 2018.

On July 11, 2018, Total Capital International also issued 200 M CHF and 121 M EUR under the Group's EMTN program (guaranteed by TOTAL S.A.) equivalent to 343 M USD in total (after-swap).

On September 4, 2018, Total Capital International issued 1.5 B USD (after-swaps) under the Group's EMTN program (guaranteed by TOTAL S.A.).

Finally, Total Capital International issued 200 M EUR (guaranteed by TOTAL S.A.) under the Group's EMTN program or 230.7 M USD (after-swap), on October 9, 2018.

Total Capital International's issuance program have long-term and short-term ratings by Standard and Poor's: A+/A-1, and by Moody's: Aa3/P-1. These ratings were made possible thanks to TOTAL S.A.'s guarantee granted to these programs. TOTAL S.A. has a long-term and a short-term rating by Standard and Poor's: A+/A-1 with a Stable outlook, and by Moody's: Aa3/P-1 with a Positive outlook.

Interest rates and currency transactions were concluded by empowered entities of Total S.A. in association with the development of the financial activities of Total Capital International, towards the Group as well as the market.

Note 1: ACCOUNTING RULES

GENERAL PRINCIPLES

The balance sheet and income statement are established in accordance with the provisions of French law and in compliance with generally accepted accounting principles used by corporations.

ACCOUNTING RULES AND METHODS

The long- and medium-term financing transactions within the Total group are recorded as financial assets according to their face value.

✓ Currency transactions

Given Total Capital International's financial activities and the significant amount of its foreign currency inflows and outflows, Total Capital International uses multi-currency accounting, as financial institutions do.

Therefore, at closing, Total Capital International does not use translation adjustment accounts but reevaluates balance sheet and off-balance sheet entries whose impact is recorded in the income statement.

The revaluation of long-term off-balance sheet items in foreign currencies is recorded in the balance sheet as the financial derivative instruments with which they match (debenture loans).

The revaluation of short-term off-balance sheet items in foreign currencies is recorded under "revenue receivables from the revaluation of off-balance sheet foreign exchange positions" or "expenses payables for the revaluation of off-balance sheet foreign exchange positions."

The foreign exchange positions are converted into euros based on the exchange rate at the end of the fiscal year.

✓ Interest Rate and Currency Financial Instruments

Outstanding transactions involving forward financial instruments are recognized as off-balance sheet liabilities. They consist primarily of interest rate and currency swap agreements negotiated for hedging purposes in order to manage Total Capital International's exposure to fluctuations in interest rates and foreign exchange rates.

The interest differentials along with the premiums or discounts associated with these swaps or forward contracts are recorded, prorated over the period, in the income statement as financial expenses or income over the life of the items that they match.

A provision will be booked for possible losses relating to transactions where the accounting standards for hedging are not respected.

✓ Debenture loans

Debenture loans converted into US dollars or euros through individually paired swaps are shown after swaps in the balance sheet and in the income statement. They are converted at the closing rate on the date of the account statement. The profits and losses resulting from the conversion at the closing rate of the currency borrowings and currency swaps are recorded as revenue under the heading: Foreign Exchange Profits and Losses.

✓ Presentation of interests on swaps hedging debenture loans

Interests on debenture loans are presented net of swaps. This presentation establishes consistency between the profit and loss statement and the balance sheet (Debenture loans were presented after their reevaluation for foreign exchange variations on associated swaps) and enables a direct assessment of the final cost of debt. On the balance sheet, accrued interests on debenture loans are also disclosed net of accrued interests on swaps.

TOTAL CAPITAL INTERNATIONAL

Note 2 : FINANCIAL ASSETS

Financial fixed assets of Total Capital International are only comprised of long-term loans in US dollars with Total Finance for an amount of 18.588 B EUR and with Total S.A. for an amount of 4.577 B EUR.
